Project proposal

Idea4: Creating a decentralized Crypto Exchange

Walkthrough: https://www.youtube.com/watch?v=d_XOWCoUAHY

- Create smart contracts (2)
 - Smart contract 1(Tyler)
 - Smart contract 2(Anrug)
- Create Web app (Brandon)
- Merge the smart contracts and Web app together (Jethro)

Goal of the first Smart Contract:

Building the framework/backend of the exchange

Goal of the second Smart contract:

Creating custom crypto currency (Block Chain solutions)
